Rural Ireland the 1970s. John, a rector, and his wife Jennifer, family grown and gone, find themselves in an idyllic country parish but life in the rectory is not all it might appear.

'This is writing of a high quality with a depth of learning and an earnestness of purpose. There is also a selfless immersion by the author in the lives of the characters in the best John McGahern and Brian Moore tradition.'

I would be grateful if you would forward this to anyone you know who might be interested, and let your Facebook friends know. Thank you.
